

## Calendar UI

A hand-drawn sketch of an event creation form. It features a 'return to calendar page' button with a left arrow in the top left corner and a close 'X' button in the top right corner. The form contains the following input fields: a 'title' field, a date field with '2021', 'Apr', and '18' buttons, a time field with '10:00' and '11:30' buttons separated by 'to', a 'recurring?' field with a 'daily' button, and a large 'description' text area.
